## Missouri Ethics Commission Provides Reference Tool for General Assembly and Public

The Commission released a series of web tutorials, *General Assembly Ethics Overview*, for members of the general assembly and the public. The tutorials give an overview of Missouri ethics laws for a general assembly member. Each of the four tutorials is 5-10 minutes in length and the topics include:

- ✓ About the Commission
- ✓ Conflict of Interest and Use of Public Funds
- ✓ Campaign Finance and Personal Financial Disclosure
- ✓ Lobbyists

“These tutorials are a great reference tool for the public and general assembly. The Commission continues our mission of providing relevant, timely information and education”, says Julie Allen, Executive Director.

Visit the Commission’s [training](#) page to view the new tutorials.
